

60th Anniversary Gym Floor Desk Set/Key Chain Order Form

Since the early days of AHS, thousands of students have had memories take place on the gym floor. Arvin High's 60 year old gym floor has been replaced and you now have the opportunity to own a piece of history. Desk sets and key chains fashioned from the old gym floor are being produced by our Construction Design Academy students to commemorate our 60th Anniversary. Desk sets will be customized to include your name and year of graduation. Because each item is made from the original floor, it may show markings. These markings do not indicate any flaws in the product but rather the history of the floor. All proceeds will be used to purchase a new gym scoreboard and to make other sports facilities improvements. Thank you for your generosity!

Desk Set (includes pen) - \$25.00

***Please Print your clearly. Arvin High is not responsible for names misspelled due to unclear writing.**
